

## Incarnation

Incarnation means that the  
start of the world  
was not just the slow  
burst of a star  
cooling through aeons  
into the night  
but rather a barely  
conceivable moment  
wombed on the darkened  
rim of eternity  
and costing God  
— in giving birth —  
His life.

*Ralph Wright, O.S.B.*
